

Wind Up Your Dreams

Music: Rainer Escheberg

Lyrics: Rainer Escheberg

**wind up your dreams that once were stolen
try to figure out where they'd been gone
try to get them back again as whole and
make them softly float into this song**

**go back to that times that once were broken
go back to that times that once were great
go back to your mind when it was woken
go back to that times before they fade**

**life can be somehow a way with troubles
intentions buried for your selfish aims
sometimes all your wishes burst like bubbles
a tribute that you pay for foolish games**

**go back to that times that once were broken
go back to that times that once were great
go back to your mind when it was woken
go back to that times before they fade**
